

Paper code: - *DPY-108P*

Annual Examination 2022
D. Pharm 1st Year
Biochemistry & Clinical Pathology

Time: 3Hrs

Max. Marks-80

(A) Synopsis

20

- What is lipid? Give disease related to lipid meta bolivm
- Define amino acid classify amino acid with examples?
- Define carbohydrate discuss disease related to carbohydrate metabolism
- Define vitamins and coenzymes write a note on water soluble vitamins

(B) Experiments

(25+15)

- To perform qualitative tests for Proteins (i) Biuret test
(ii) Nin hydric test
- To prepare standard buffer and measure its PH

(C) Viva-vove and Practical records

20
